In The Title

Cancel the present title and insert therefore new title as follows: "Method and System For Identifying and Resolving Software Conflicts and Computer-Readable Storage Medium Having A Program For Executing The Method".

A1

In The Claims

Please replace claims 1, 16 and 18 as shown below. A marked up version of the amended claims is attached to this Amendment.

SUB C1

1. (Amended) A method for managing software conflicts, the method comprising the steps of:

determining change information which represents actual changes made to a computer system's files and other shared resources during installation of different applications into the computer system;

processing the change information to determine conflict information which indicates which files and shared resources conflict with one another;

storing the conflict information in a database of interrelated tables; and

resolving the software conflicts based on the stored conflict information.

A2

SUB C3

16. (Amended) A computer-readable storage medium having stored therein a program which executes the steps of:

determining change information which represents actual changes made to a computer system's files and other shared resources during installation of different applications into the computer system;

processing the change information to determine conflict information which indicates which files and shared resources conflict with one another;

storing the conflict information in a database of interrelated tables; and

resolving software conflicts based on the stored conflict information.
